

## ICELANDIC HIGHLANDS PHOTOGRAPHY TOUR 2024

JOIN AWARD WINNING PHOTOGRAPHER DANIEL HAUSSMANN  
ON AN 8 DAY, 7 NIGHT TOUR OF THE HIGHLANDS OF ICELAND

*Are you* ready to embark on a photographic adventure like no other? Join us for an unforgettable 8-day journey through the stunning Icelandic Highlands, one of the largest wilderness areas in Europe, on our upcoming Photography Workshop.

**Our Goal:** To Capture Great Photographs in the Wild Heart of Iceland

At our Iceland Photography Workshop, we are dedicated to helping you capture not just good, but extraordinary photographs. Our mission is to take you to the most captivating and intriguing spots in the Icelandic Highlands, where the natural beauty knows no bounds.

## HIGHLIGHTS INCLUDE:

- **Gullfoss Waterfall:** Witness the majesty of the mighty Gullfoss waterfall as it thunders into a rugged canyon, providing the perfect canvas for your lens.
- **Kerlingarfjöll Geothermal Area:** Immerse yourself in the surreal landscape of geothermal wonders at Kerlingarfjöll, where steaming vents and vibrant colors provide endless creative opportunities.
- **Haifoss Waterfall:** Discover the awe-inspiring beauty of Haifoss, one of Iceland's tallest waterfalls, nestled in a remote, pristine setting.
- **Sigoldugljufur Valley of Tears:** Journey into the heart of nature's poetry at Sigoldugljufur, a hidden gem with its dramatic cliffs and serene beauty.
- **Laki Eruption Site:** Stand at the site of one of the largest and deadliest volcanic eruptions, Laki, and capture the raw power of nature's fury.
- **Maelifell Green Volcano:** Discover the unique surroundings of the lonely green volcano, Maelifell, an icon of the Icelandic Highlands.
- **South Coast Sights:** We'll also ensure you experience the famous sights along Iceland's southern coast, including the charming village of Vik, the dramatic black sand beach Reynisfjara, and the iconic waterfalls Skogafoss and Seljalandsfoss.

## DANIEL HAUSSMANN

---

**Daniel Haussmann** is a 41-year-old German photographer and filmmaker with a passion for capturing the world's beauty. He began his journey in photography at the age of 10, wielding an analog camera and honing his skills over the years. For the past decade, he has been a dedicated professional in the field, creating striking images and award-winning films. Daniel's work is highly regarded, as his images have been featured in major news outlets not only in Germany but also worldwide. He's known for his innovative approach, including being an early adopter of drone technology, which adds a unique perspective to his photography.

One of his favorite destinations is Iceland, where he is a regular visitor, particularly drawn to the stunning landscapes of the Icelandic highlands. With a keen eye for natural beauty, he ensures to share the best parts of these highlands through his lens, allowing viewers to experience the breathtaking scenery through his art.

# TRANSPORT

# ROUTE

Travelling in the Highlands requires a tough vehicle and we will have 2 of them.

We will be using Land Rover Defender 'Superjeeps'. Equipped with 44 inch tires and a snorkel to handle to river crossings. There's nowhere these trucks can not go.

Everyone will have a window seat and the truck will be equipped with several power inverters to charge between locations.

We will supply snacks and drinks in both trucks to keep your stomachs extra happy between meals.

For safety the trucks have a satellite phone with an emergency rescue subscription.

# ITINERY

---
